...e that may cause
...d operation.

...s product is covered under one
...ore of the following patents:
...E 3,353,364; 4,750,118; 4,885,872;
...905,542; 5,010,688; 5,297,782

WARNING: To reduce the risk of severe injury or death by entrapment, when adjusting either the force or the limits of travel controls ensure that the door will not close on a 1 inch object (or a 2 x 4 board, laid flat). See instructions for proper adjustment procedure.

AVERTISSEMENT: Pour réduire les risques de blessures mortelles par happement, après tout réglage de la force de déclenchement ou des seuils de fin de course s'assurer que le sens de la course s'inverse lorsque la porte entre en contact avec un objet de 25 mm (1 po) de hauteur (ou un madrier de 2 x 4 de section, à plat) posé sur le sol. Effectuer les réglages selon les procédures décrites dans la notice.

Tested to Comply with FCC Standards FOR HOME OR OFFICE USE CHAMBERLAIN
